UNAUDITED INTERIM FINANCIAL RESULTS FOR THE PERIOD ENDED 31 DECEMBER 2025 AND CHANGE IN CFO

INTRODUCTION

EPE Capital Partners Ltd is an investment holding company, registered, and incorporated in Mauritius and listed on the Johannesburg Stock Exchange ("JSE"). It invested directly into Funds or Co-Investments that are actively managed by Ethos Management Company (Pty) Limited ("Ethos"), that provided the Company with largely indirect exposure to a portfolio of unlisted and listed private equity-type investments ("Portfolio Companies"). In addition, Ethos acts as the Company's Investment Advisor.

The Ethos Capital Board of Directors ("Board") is responsible for the process of determining how best to disclose the performance of the Group in a transparent manner. Due to the nature of the business conducted by the Group, the Group's performance is largely measured by the growth in the net asset value ("NAV") and NAV per share ("NAVPS"). The Board has adopted the NAVPS as the relevant measure for trading statement and results announcement purposes. This approach is consistent with prior years and has been approved by the JSE.

Overview

Since November 2023, the focus of the Board has been to optimally monetise its asset base and it has assessed a variety of options to maximise and expedite the return of capital. The Board implemented general share repurchases as well as the unbundling of Ethos Capital's Brait Shares to its shareholders in July 2024.

In the six months ended 31 December 2025, the Board has continued to drive the optimisation strategy and there have been some notable valuation and realisation developments:

- the Optasia Initial Public Offering ("IPO") was successfully completed in November 2025, where the company placed c. 342.4 million shares at a price of R19.00 per share and listed on the JSE. As part of the IPO, Ethos Capital realised 26.4% of its shares held indirectly via Ethos Funds and retained an effective 4.5% holding in Optasia whilst realising R360 million of gross proceeds;
- aggregate proceeds received over the six-month period, including the Optasia IPO, totalled R485 million, that were used to fully repay the Company's debt and generate surplus cash for repurchases (see further below);
- the Brait Bonds were distributed to Ethos Capital shareholders in December 2025, at an implied value of R0.67 per Ethos Capital share or R171 million;
- the Board accepted an offer to sell all the Company's direct and indirect unlisted investments, excluding the indirect investments held in the listed Optasia, for R640 million ("the Transaction"). The Transaction was completed on 27 February 2026 and increased Ethos Capital's cumulative realised proceeds since listing to R2.5 billion;
- the share price discount to NAVPS has narrowed significantly over the past 18 months from a previous average of c.30-40% to around 10% pre and post the period-end date;
- on the assumption that Ethos Capital shareholders held onto both the unbundled Brait Bonds and Brait Shares, exercised their Brait Rights and held all at 31 December 2025, the shareholders would have received: a 147% return over the 18-month period ended 31 December 2025; a 123% return over the 12-month period to 30 June 2025; and a 11% return over the current period ended 31 December 2025;
- resulting from the above transactions, the Board approved a pro rata share repurchase from all Ethos Capital shareholders of 41.5% of their shareholdings that was concluded on 9 March 2026. The final repurchase consideration of R854.1 million represented 41.2% of the issued shared capital prior to the repurchase; and
- the above brought the cumulative distributions to shareholders to c.R1.3 billion, from available cash proceeds, after debt repayments and the settlement of expenses.

Post the completion of the Transaction, Ethos Capital's portfolio now only consists of its indirect exposure to the listed Optasia shares, that are subject to a post-IPO lock-up until May 2026.
